

SRI DEVARAJ URS ACADEMY OF HIGHER EDUCATION & RESEARCH

(A DEEMED TO BE UNIVERSITY)

MBBS Phase III Part - 1 Examination - January 2023

Time: 150 Minutes

Max Marks: 80 Marks

ENT QP Code C-3091

(Your answer should be specific to the question asked
Draw neat labeled diagrams wherever necessary)

Long Essay

10 × 2 = 20 Marks

1. Describe the etiology clinical features and management of acute retropharyngeal abscess (2+3+5)
2. Discuss the differential diagnosis of a child in stridor. Explain How will you manage this Patient. (5+5)

Short Essay

5 × 12 = 60 Marks

3. Enumerate 4 methods of Auditory Rehabilitation. Classify hearing aids and give examples for each type of hearing aid (2+1.5+1.5)
4. Describe the anatomy of tympanic membrane with a labelled diagram. Mention the various types of myringotomies (3.5+1.5)
5. Describe Puberphonia. Add a note on Thyroplasties (3+2)
6. Enumerate 4 external nasal deformities. What is Frog face Deformity. Mention the conditions where you see it. (2+1+2)
7. Describe the investigations and treatment of metastatic lymph node in neck (3+2)
8. Describe the development of hard palate. Describe Rule of 10 in cleft lip. Mention names of 3 surgeries for cleft lip repair (2+1.5+1.5)
9. Classify tympanic membrane perforations and draw diagrams for each of them. (2+3)
10. What is Presbycusis? Enumerate the clinical features of Presbycusis. Add a note on Recruitment. (1+1.5+2.5)
11. Describe the etiology, clinical features and management of vasomotor rhinitis. (2+1.5+1.5)
12. Enumerate various external deformities of nose and mention one surgical procedure to each of them (2.5+2.5)
13. Describe the etiology, clinical features and management of cellulitis dangerous area of face. (1.5+1.5+2)
14. Describe the Physiology of second stage of deglutition (5)

M.B.B.S Phase-III Part 1 Examination January 2023

Time:3 hours

Max Marks:100

E.N.T

*Your answer should be specific to the question asked
Draw neat and labeled diagrams wherever necessary*

LONG ESSAY

2 X 10 = 20 Marks

1. Enumerate the causes of conductive hearing loss . Describe the clinical features and management of traumatic perforation of tympanic membrane (4+6)
2. Discuss the differential diagnosis of patch on a tonsil. Describe the management of a patient with suspected diptheria? (5+5)

SHORT ESSAY

10 X 5 = 50 Marks

3. Describe etiology, clinical features and management of malignant otitis externa (1+2+2)
4. Describe the etiology, clinical features and management of septal haematoma (1.5+1.5+2)
5. Describe various positions of vocal cord and symptoms associated with each of them (3+2)
6. Describe the etiology , clinical features and management of submandibular sialolithiasis (1.5+1.5+2)
7. Describe the etiology, clinical features and management of laryngeal papillomatosis (1+2+2)
8. Describe the etiology clinical features and management of chronic retropharyngeal abscess (1+2+2)
9. Describe various graphs in tympanometry and Highlight their significance (3+2)
10. What is Angiofibroma .Discuss the differential diagnosis of mass in nasopharynx. (2+3)
11. Describe the clinical features and management of blunt injury to larynx (2+3)
12. Describe the investigations and treatment of metastatic lymph node in neck (3+2)

SHORT ANSWERS

10 X 3 = 30 Marks

13. Draw neat labelled diagram of Tympanic membrane. (3)
14. Enumerate factors affecting Mucociliary clearance of nose (3)
15. What is Globus pharyngeus? How will you manage such a patient? (1+2)
16. What is Hot potato voice? Enumerate the causes for it. (1+2)
17. Explain the etiopathogenesis of Crocodile tears (5)
18. What is Holman miller sign. Where do you see it? (1.5+1.5)
19. Mention the causes and clinical features of noise induced hearing loss. (1.5+1.5)
20. Enumerate the Components of Plummer vinson syndrome (3)
21. Describe Toynbee's Maneuvre and mention its clinical application (2+1)
22. Classify and enumerate Tracheostomy tubes. Mention one use for each type (1+1+1)

LONG ESSAY (Answer any 2)

2 X 10 = 20 Marks

1. Describe the anatomy of osteomeatal complex and explain the mechanism of mucociliary clearance from the sinuses. (7+3)
2. Enumerate the causes of conductive hearing loss . Describe the clinical features and management of traumatic perforation of tympanic membrane 4+6
3. Enumerate the congenital disorders of larynx. and mention the treatment options for them (5+5)

SHORT ESSAY (Answer any 10)

10 X 5 = 50 Marks

4. Describe the etiopathogenesis , clinical features and management of thyroglossal cyst (1+2+2)
5. Describe the anatomy and embryology of external ear (3+2)
6. Describe the clinical features and management of unilateral adductor palsy of vocal cord (2+3)
7. Enumerate the indications and complications of Caldwell luc surgery (2.5+2.5)
8. Describe the clinical features, investigations and treatment of otosclerosis (1+2+2)
9. Describe the blood supply of lateral wall of nose with diagram and Highlight the clinical importance (3+2)
10. What is Waldeyer's ring .List out differences between a Tonsil and Adenoid 2+3
11. Enumerate the indications and complications of rigid esophagoscopy (3+2)
12. Describe the anatomy of nasal septum and Highlight surgical importance of each structure(2+3)
13. Describe cerebellopontine angle .Enumerate the space occupying lesions in cerebellopontine angle (3+2)
14. Describe the etiology, clinical features and management of acute laryngotracheal bronchitis (1+2+2)
15. Describe the etiology , clinical features and management of submandibular sialolithiasis (1.5+1.5+2)

SHORT ANSWERS (No choices)

10 X 3 = 30 Marks

16. Enumerate the clinical features of Vocal polyp. How will you manage it? (1.5+1.5)
17. Enumerate Foreign bodies in nose. How will you manage Nasal Foreign Body. (1.5+1.5)
18. Mention the causes and clinical features of noise induced hearing loss. (1.5+1.5)
19. Draw labelled Histological picture of Tubercular granuloma. (3)
20. Describe Glycerol dehydration test. Enumerate the alternatives to glycerol in such a test(1.5+1.5)
21. What is Rhinitis Sicca? Who are the individuals predisposed to it. (2+1)
22. Explain the etiopathogenesis of Crocodile tears
23. What is Mallory Weiss Syndrome? What are its symptoms and signs? (1+2)
24. Describe Posterior nasal packing. Enumerate indications for it. (1.5+1.5)
25. Enumerate the Cardinal signs of chronic tonsillitis. What is buried tonsil and how will you manage it? (1.5+1.5)
